

Colostrin

Special product with immunoglobulins to strengthen the body's defenses.

Product features:

- immunoglobulins
- vitamins
- trace minerals like iron and selenium
- glucose
- lactic acid bacteria

Feeding recommendation:

- 1. feeding:** directly (max. 2 hours) after birth. Mix 100 g Colostrin (1 package) into the fresh colostrum.
- 2. feeding:** on the 3rd day after birth mix 100 g Colostrin (1 package) into the fresh milk or milk replacer.
- 3. feeding:** in cases of increased risk of diarrhoea, feed a 3rd dose of Colostrin (a package) after another two days.

Effect:

Colostrin works according to the "key-lock-principle". Pathogens connecting to immunoglobulins are inactivated. This results in a stronger natural immune system and prevents diarrhea.

„Safety-Immunisation“ covers immunodeficiencies of the calf

- 1. phase:** Colostrin (immunoglobulins in the daily fed milk)
- 2. phase:** GoldenSpezial / Brillant (immunoglobulins in the daily fed milk)

Composition:

wey powder, protein rich; glucose; egg powder

Analytical constituents:

30,0 % crude protein	0,5 % calcium
3,0 % crude fat	0,5 % phosphorus
0,0 % crude fibre	0,5 % sodium
6,5 % crude ash	

Additives:

Nutritional additives per 1 kg:

150.000 I.U. vitamin A (3a672a)
40.000 I.U. vitamin D3 (3a671)
10.000 mg vitamin E/all-rac-alpha-tocopheryl acetate (3a700)
10.000 mg vitamin C (3a300)
1.000 mg iron (ferrous chelate of glycine, hydrate) (3b108)
12,5 mg iodine (calcium iodate anhydrous) (3b202)
5,0 mg selenium (sodium seleniate) (3b801)

Zootechnical additives per 1 kg:

50,00 x 10⁹ CFU lactic-acid bacteria Enterococcus faecium, NCIMB 10415 (4b1705)

Instruction for proper use:

This supplementary feed has a higher content of additives than complete feed. Therefore it must be given to calves only in a quantity of 100 g per day and only up to an age of 6 months.

Minimum durability requires a correct and appropriate storage. In particular a hygienic, cool and dry storage is needed. Without responsibility in case of incorrect storage and application.
